The Coravin™ wine preservation system has allowed us the opportunity to bring you a sample of exceptional wines by the glass. The Coravin™ works by inserting a needle through the cork which allows us to access the wine without opening the bottle and exposing it to oxygen. Argon gas is used to displace the wine, which keeps the rest of the bottle in pristine condition.

WINERY OF THE MONTH

Paradigm Hill is owned by Ruth Mihaly [viticulturist] and George Mihaly [winemaker], with the 10 acre vineyard planted in 1999/2000 in the cooler climate region of the Mornington Peninsula . The north facing gently sloping vineyard has very low density planting of only 500 vines per acre grafted onto vigour and phylloxera resistant rootstock. The trellis runs north-south with vines trained to VSP and a keen eye on ensuring a balanced vine. George & Ruth are committed to using only estate grown grapes for on site production of pinot noir, shiraz, pinot gris and riesling. Their vision is to achieve purity of varietal expression for each of our four wines whilst reflecting the distinction of our terroir.
