## Premium Wines by the Glass

The Coravin™ wine preservation system has allowed us the opportunity to bring you a sample of exceptional wines by the glass. The Coravin™ works by inserting a needle through the cork which allows us to access the wine without opening the bottle and exposing it to oxygen. Argon gas is used to displace the wine, which keeps the rest of the bottle in pristine condition.

# Winery of the Month

Tokar Estate was born in 1995. Leon Tokar, stumbled across the location by chance his wife Rita, to view the property. They clambered over a barbed wire fence and walked to the point where the winery now stands. They took in the incredible view, and by that night it was theirs.

Leon and Rita originally dreamed of a weekender and hobby farm. But the winemaking potential of the site, sandwiched between some of the Yarra Valley's most famous vineyards, was too good to ignore.

The Tokar family laboured to transform land that was covered in thistles, tussock grass and snakes into a high quality vineyard. Leon and Rita learnt from the established vignerons who were their neighbours, but they soon developed a reputation as trailblazers in the Yarra Valley. In addition to planting traditional varieties (Pinot Noir, Cabernet Sauvignon, Shiraz, Chardonnay) they were the first in the valley to plant the Spanish varietal Tempranillo.

Tokar Estate now has two generations working alongside each other.
